

# Snowmass EF03 meeting

## Heavy flavor and top quark physics

### Introduction

Doreen Wackerroth ([dw24@buffalo.edu](mailto:dw24@buffalo.edu))

Reinhard Schwienhorst ([schwier@msu.edu](mailto:schwier@msu.edu))

# White Papers and TG report

- White Paper submission: still accepting new submissions
  - More information including a template can be found here: <https://snowmass21.org/submissions/start>
- 9 White Papers submitted to EF03 so far: <https://snowmass21.org/submissions/ef>
- We are asking all white paper contributors to provide a short summary and plots/tables to be included in the TG report.
- We are using Overleaf and can share the link with any volunteers who can help with the writing of more general overview sections. Many thanks to Andre Hoang (mtop theory) and Manfred Kraus (ttV).
- <https://www.overleaf.com/read/mjqdfffvgkyc>

# Important dates

- We were asked to have a first draft of the TG report ready by **May 15, 2022!**
- Preliminary reports by the Topical Groups: **May 31, 2022**
- Preliminary reports by the Frontiers: **June 30, 2022**
- Snowmass Community Summer Study (CSS):  
**July 17-26, 2022**
  - In-person, at UW-Seattle: <http://seattlesnowmass2021.net>
- All final reports by TGs and Frontiers due:  
**September 30, 2022**
- Snowmass Book and the on-line archive documents due:  
**October 31, 2022**

# EF03 sessions at Seattle meeting

- We will have 1 or 2 parallel sessions and one 20 min. talk to discuss the EF03 report.
- Today: Discussion of the parallel session(s).
