

The Advanced Superconducting Test Accelerator at Fermilab

Thursday, 14 June 2012 10:00 (15 minutes)

The Advanced Superconducting Test Accelerator (ASTA) at Fermilab is a superconducting linear electron accelerator currently undergoing construction at FNAL's New Muon Laboratory is planned to support a variety of user and Advanced Accelerator R&D (AARD) experiments. First beam is scheduled for 2012, and the beamline will be upgraded over the course of several years.
