Making Indico Public

Current Status

- All meetings loaded into Indico
- Some outstanding time changes (see next slide)
- People have started entering talks (e.g. Joel and the plenaries)
 - But lots [missing](#)

[Link](#)

The current block diagram that is linked and a PDF

- This is no longer valid
- Reluctant to remove it before inidco goes public
- But do not want to waste time keeping two schedules up to date

Can we flip the switch today?

Outstanding Requests

- Missing Rooms
 - Missing a one plenary afternoon room and a there were two oversights during room assignment
 - Some newly requested meetings (AF1 Report, CompF small exp, TF04,
- July 21st - we may not have access to largest rooms in afternoon - working on a better solution
- July 23rd - "XF IF-UF Cross-cutting Facilities" and "UF UF4" are not yet in the same room

Can we support?

- Move IF05 to July 22
- Move TF-COmF QIS from CompF's all frontier meeting

Current State of Registration

Updated: 07/05/2022 10:05:45 GMT

Participants

Number of in-person participants: 647

Number of virtual participants: 192

Local Organizing Committee/Volunteer/Press: 27

Total number of participants: 866

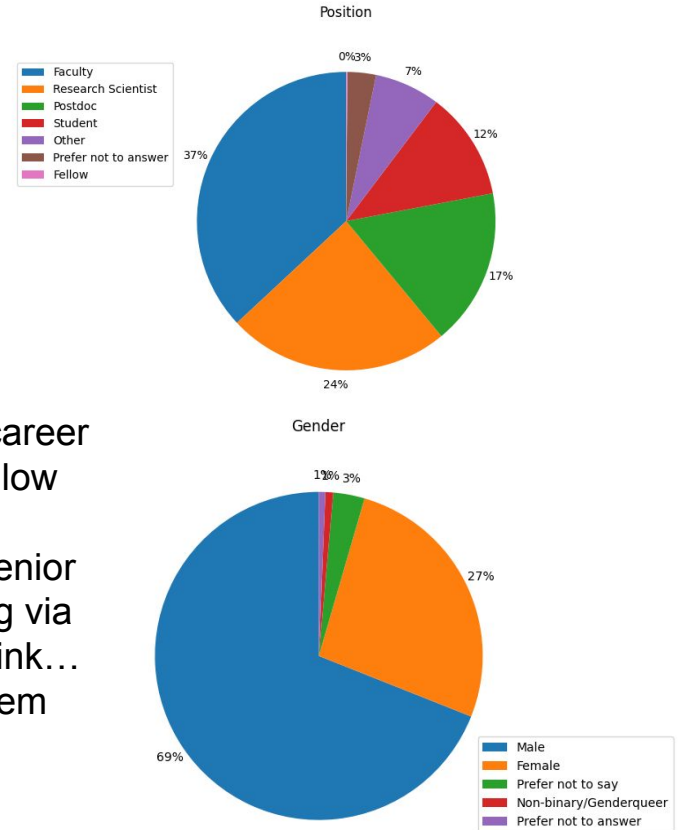

~50 people have registered since early-bird ended

80 senior, early-career registrations feel low

We have a few senior people registering via the early career link... Will be kicking them out...

The dorm rooms are FULL!

Participant List

Posters

We have ~75 in person posters
About 20 virtual

PLEASE send us judge names!

Pre-poster session review works
start early next week.

Lunch Meetings

- 7-19 (Tuesday):
 - FOA/DOE General Meeting, 200 ppl
- 7-20 (Wed):
 - NSF General Meeting, 100 ppl
- 7-21 (Thursday):
 - DOE PM: Astrophysics, 50 ppl
 - NSF Special PI Meeting, 100 ppl
 - “Mental Health, Invisible Disabilities, and Neurodiversity”, 25 people
- 7-22 (Friday):
 - DOE PM: Energy, 150 ppl
 - DOE PM: Theory: 50 ppl
 - Early Career Panel: 150 ppl
- 7-23 (Saturday):
 - Communicating HEP to the public and the gov’t: 50 ppl
- 7-24 (Sunday):
 - COVID Roundtable (lessons (to be) learned), 100 ppl

What is the daily profile?

What days will be attending the meeting?

348 responses

Primary Frontier

- Energy Frontier
- Neutrino Frontier
- Rare Process and Precision Measure...
- Cosmic Frontier
- Theory Frontier
- Accelerator Frontier
- Instrumentation Frontier
- Computational Frontier

DOE/NSF Planning

Are you planning on attending any of the DOE or NSF agency talks during lunch? There will be discussions on funding opportunities as well as meetings more focused on current PI's. Please check all that apply.

Zoom - Proposed Plan

Finalizing Zoom Plans (about to appoint Zoom czar)

- Each room will need two moderators, one that concentrates on the room and one that concentrates on zoom
- In large rooms we will supply everyone. In smaller meeting rooms we will rely on meeting attendees.
- In smaller rooms there will be an expert assigned to help out

Planning on using the “meeting” style zoom room

- This is what we are using now - not the webinar format
- Aiming to have one 1000 zoom room
- Will have a 500 person room as backup
- The rest will be regular 300 person zoom rooms
- We currently have ~200 people registered for virtual attendance

Captioning

This workshop has 3 captioning services

- White Coat - will use zoom, put captioning into the zoom stream and should be stored in the recording
- Interpreters - in room, will follow a deaf member of our community
- Craptioning - for those parallel sessions that do not have whitecoat

WhiteCoat

- Up to 2 parallel sessions or afternoon sessions simultaneously
- Will be used by the deaf member of our community
- They assign a single captioner to a each set of zoom meetings
- Issue: needs a break of 10 minutes every 60 minutes, or 15 minutes every 90 minutes.
 - Still trying to sort this out.

Conference Bulletins

Based on ICHEP model

1-Week-Before (send this on July 10th)

- Reminders of what to bring, COVID Rules, etc.

Night Before (Send on July 16, 17, etc.)

- Some highlights from the previous day
- Blurbs about important meetings or sessions coming up
- Any logistics (including COVID general information)
- Zoom Links for all

All but zoom links will be mirrored to slack

Will Need Help

Important Meetings

- Can be filled out long before actual meeting
- Have parallels recommend by per-frontier
- Have a short blurb on each afternoon - “why you want to come”
- Will need everyone’s help for this

Highlights From Previous Day

- Need to find a collection of people to write a comment or two about a meeting they attended

Logistics

Getting This Done:

- Will have a single google doc with all the daily emails, and a second for the week-before
- When open, everyone can start adding things
- There will be a lot of nag messages to get the ahead of time stuff done

At the end of each day

- Some cut off with proofreading
- Approval from the dpf chair line
- Mailed, posted, and x-linked in Slack.

1-Week Email

Draft can be found [here](#).

- Comments are welcome
