

SAC weekly meeting

Jim Annis, Doug Berry, and Frank Chlebana
June 26th, 2022

Meeting Ground Rules

Please follow our ground rules for all meetings in SAC

- Please mute when you are not speaking
- Please use the “raise hand” feature and the moderator will try to recognize people in order
- If we are moving on to another topic and your follow-up comment is on the current issue, please speak up. It is important to have timely and efficient conversations

From the [Fermilab Community Standards](#):

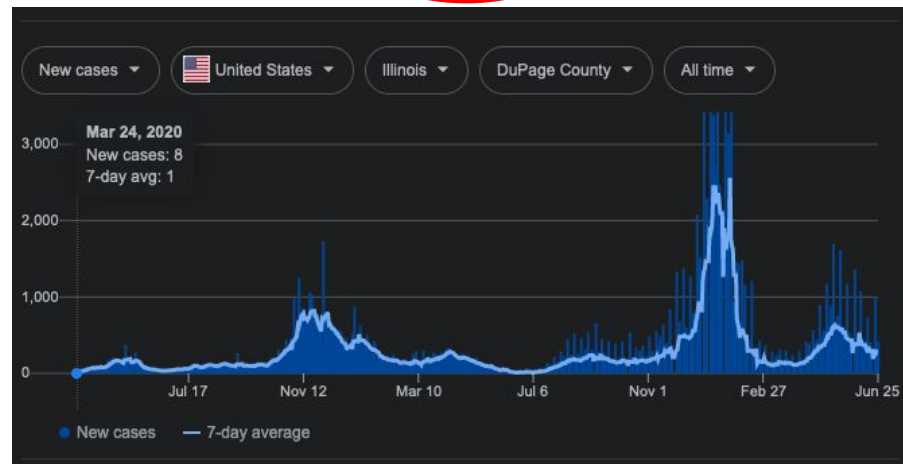

“Every member of the Fermilab community is welcome, and each encouraged to communicate their ideas and/or concerns. We seek to promote open communication which emphasizes listening, creativity, growth and development, collaboration, and inclusivity. This culture encourages respectful discussion and debate for mutual benefit.”

We are one Fermilab

-  Everyone is worthy of respect
-  Encourage discussion
-  Genuinely listen
-  Collaborate
-  Respect the messenger
-  Have courage
-  Own your voice
-  Be kind
-  Fresh perspectives lead to innovation
-  Encourage others to speak
-  Own it, mistakes happen
-  Share the air

New Meeting Configuration

- Meeting moved to 3:00 pm
 - Enables directorate to attend
- Meeting will not have coffee while at High COVID level
 - No registration required while in High COVID conditions

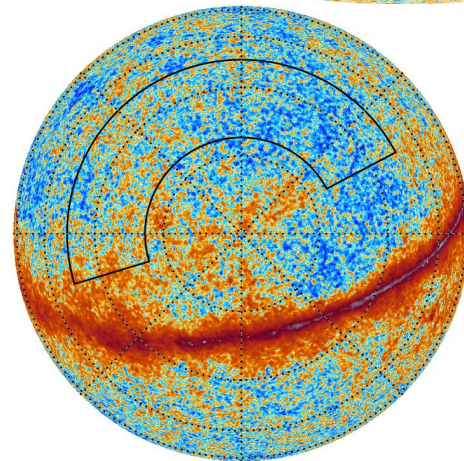

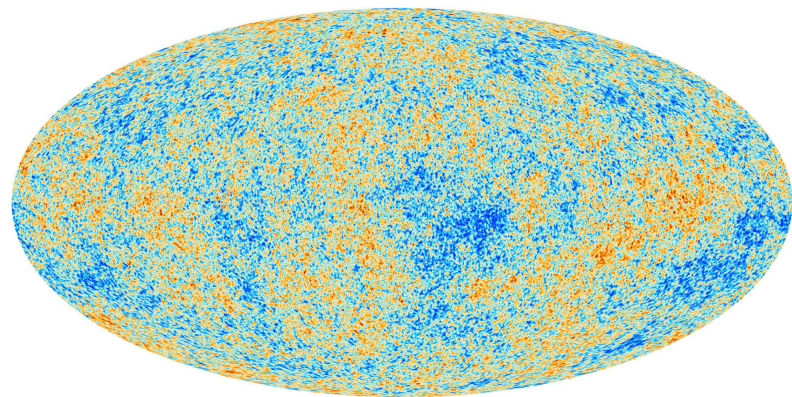

Snowmass Registration

- Snowmass early registration ended June 17th
 - Now must use regular “full price” registration process
 - Full in-person registration costs \$800
 - Early-career in-person registration costs \$400
- Virtual (remote) registration has been open since June 18th
 - Virtual registration costs \$150
 - Virtual registration is free for early-career virtual registration
 - Where early-career is a post-doc, student, or equivalent position
- If you are considering attending please register at
 - <http://seattlesnowmass2021.net/registration/>

Snowmass Cosmic Colloquia

- 4 colloquia on hot topics in the Cosmic Frontier
- Topics cover many aspects in the Cosmic Frontier
 - New cosmic frontiers
 - Cosmology - CMB
 - Dark Matter
 - Including wave dark matter
 - Gamma Ray Detection
 - Gravitational Wave Observation
- All talks are posted on Indico:
 - <https://indico.fnal.gov/event/54648/>
 - Recordings are also available

Agenda
