

DOE Energy Frontier Laboratory Review (September 19-23, 2022)
Access and Other Important Information including Zoom Connections for the Review

CAMPUS ACCESS

Fermilab (FNAL) is updating its campus access procedures, therefore **accessing the lab and entering Wilson Hall may require some additional lead time. Please plan accordingly.**

At the entrance of Fermilab, Security will be requesting to see your VALID Users FNAL badge or a QR code sent to you by Fermilab's Campus Access. After passing the Security checkpoint, please drive to Wilson Hall. The entire review will take place at Wilson Hall.

A Fermilab site map is available at: <https://www.fnal.gov/pub/visiting/directions/index.html>

Parking will be on the WEST side of the building. Enter Wilson Hall through the Ground Floor. If you have a VALID ID you will be able to scan your FNAL-ID for entry right outside of the doors. If you have the QR code, you will be let in by Terry Grozis, a CMS Admin, or a Security Guard during normal working hours. A business visitor cannot be in the Wilson Hall unless they are escorted by a badged person. If you plan to exit and re-enter Wilson Hall, please coordinate with a badged colleague (especially if it is outside working hours since the Wilson Hall is locked and there are no guards on duty).

There will be a table setup on the Ground Floor of Wilson Hall to pick up your badge for the DOE Energy Frontier Review. As of Monday, September 19, some of you, noted below, will be considered Business Visitors. Business Visitors will be escorted to the 1st floor where the 1 West Conference Room is located and where the main review sessions are being held. For those of you who have badging appointments on September 19, we will try to provide you updated Review badges so you will not have to be escorted throughout the week.

For any problems, they should email Anadi Canepa (acanepa@fnal.gov) cc-ing Terry Grozis (tgrozis@fnal.gov) and the CMS admins (cms_admins@fnal.gov). They can also reach out to Anadi anytime at +1-630-945-6439.

WI-FI ACCESS

Please follow these instructions to connect to Fermilab's GUEST network:

<https://fermi.servicenowservices.com/kb view.do?sysparm article=KB0011029>

After submitting the registration form, you must log in to connect to the Guest network. At this point you will be granted temporary access for 4/8 hours. You will then receive an email with the subject "CONFIRMATION REQUIRED" to confirm your registration. Once your registration is confirmed you will be granted access for 1 week.

You can also connect to eduroam, if you have the ability to connect to that network.

For any issues, please contact Fermilab's LHC Physics Center support Marguerite Tonjes (tonjes@fnal.gov).

DOE (Abid Patwa) will provide the above Indico page links, created by each lab, as well as the Google Drive link to all review panel members.

COFFEE BREAKS AND LUNCHES

Please note, there will be a continental break outside of 1 West from 7:45 until 8:30 am Central Time. Lunch each day of the review will be on the 2nd floor XO in Wilson Hall.

ZOOM ROOMS

There are two sets of Zoom Rooms: (1) one zoom room will be used for the executive sessions on Monday, September 19th, any DOE + panel-only Executive Sessions each day of the review, and the Closeout Session on Friday, September 23; (2) five rooms for the reviews taking place between each lab.

We assume that each laboratory self-organizes itself for any internal communication within their respective laboratory.
