

Thank you for your participation in the 2022 Medical Device Sterilization Workshop. Your preparation, time, and expertise are appreciated. From the detailed presentations to the great Q&A sessions, you helped make the workshop a vibrant event. We have received very positive feedback and your contribution was a large part of that success.

If you have not done so already, please complete the [workshop survey](#). All responses will help us plan for next year's workshop.

Video recordings should be available in a couple more weeks. We hope to have the summary report completed in late November. When available, participants will be notified via email, and the videos and report will be posted on the [workshop website](#).

Thank you!
Tom and the Organizing Committee
