1. News – Steve

FY13 Budget Planning

New dates for Nuclear Energy Applications of PX, PX Collaboration Meeting, IIFC

New budget officer (Tim Chapman)

Upcoming Events

American Nuclear Society Shekhar	June 24-28, Chicago
ICHEP Young-Kee is giving PX talk	July 4-11, Melbourne
NuFact PX talk Chris P PX as Proton Driver talk TBD	July 23-28, Williamsburg
DOE Fermilab S&T Review Will cover PXIE in breakout session	September 5-7, Fermilab
Linac 2012 Stuart is giving the PX talk	September 9-14, Tel-Aviv
European Strategy Session Bob T	September 10-12, Krakow
HB2012 Workshop Valeri is giving talk on high power linacs, Vic is WG convenor	September 17-21, Beijing
CPM2012 (Snowmass13) Preparation Meeting	October 11-13, Fermilab
IEEE NSS Steve is giving PX talk	October 29-Nov 2, Anaheim
IIFC Meeting	November 26-27, Fermilab
PX Collaboration Meeting	November 27-28, Fermilab

2. Report from Project X Physics Study – Bob T

<https://indico.fnal.gov/conferenceDisplay.py?confId=5276>

3. Siting Options for Staging – Marck

4. Snowmass13 Planning

<http://www.snowmass2013.org>

(See talk by Harry Weerts at PXPS)

New dates: July 29 – August 10

Site: TBD

Working Groups:

- Energy Frontier – Brock, Peskin
- Intensity Frontier – Hewett, Weerts,
- Cosmic Frontier – Feng, Ritz
- Frontier Facilities – Barletta, Gilchriese
- Instrumentation Frontier – Demarteau, Nicholson, Lipton
- Computing Frontier
- Education and Outreach – Bardeen, Cronin-Hennessy
- Special Advisor – Chris Q.

This planning is not well advanced and the organization is in a bit of a state of flux. But generally it looks like the plan is to organize into a series of sub-groups, have those sub-groups conduct workshops during the spring, and then meet at the end to produce some sort of deliverable. The conveners are actively seeking input on organization/goals/etc.

Community Planning Meeting: October 11-13 at Fermilab
