Crisis in Higgs Physics?

Crisis in Higgs Physics?

- © Nature chooses to have a lonely Higgs : nightmare? 🤔

Crisis in Higgs Physics?

© Nature chooses to have a lonely Higgs : nightmare? 🤔

➡ a crisis: for experimentalists — maybe

Crisis in Higgs Physics?

© Nature chooses to have a lonely Higgs : nightmare? 🤔

➡ a crisis: for experimentalists — maybe

“In the midst of every crisis, lies great opportunity.”

— Albert Einstein

Crisis in Higgs Physics?

© Nature chooses to have a lonely Higgs : nightmare? 🤔

➡ a crisis: for experimentalists — maybe

“In the midst of every crisis, lies great opportunity.”

— Albert Einstein

➡ an opportunities: for theorists (and experimentalists) !!!

Crisis in Higgs Physics?

◎ Nature chooses to have a lonely Higgs : nightmare? 🤔

➡ a crisis: for experimentalists — maybe

“In the midst of every crisis, lies great opportunity.”

— Albert Einstein

➡ an opportunities: for theorists (and experimentalists) !!!

◎ We give up too soon: real nightmare! 😱

Crisis in Higgs Physics?

◎ Nature chooses to have a lonely Higgs : nightmare? 🤔

➡ a crisis: for experimentalists — maybe

“In the midst of every crisis, lies great opportunity.”

— Albert Einstein

➡ an opportunities: for theorists (and experimentalists) !!!

◎ We give up too soon: real nightmare! 😱

➡ No ambitious future collider program

Crisis in Higgs Physics?

◎ Nature chooses to have a lonely Higgs : nightmare? 🤔

➡ a crisis: for experimentalists — maybe

“In the midst of every crisis, lies great opportunity.”

— Albert Einstein

➡ an opportunities: for theorists (and experimentalists) !!!

◎ We give up too soon: real nightmare! 😱

➡ No ambitious future collider program

➡ Lose optimism in searching for unexpected

Crisis in Higgs Physics?

◎ Nature chooses to have a lonely Higgs : nightmare? 🤔

➡ a crisis: for experimentalists — maybe

“In the midst of every crisis, lies great opportunity.”

— Albert Einstein

➡ an opportunities: for theorists (and experimentalists) !!!

◎ We give up too soon: real nightmare! 😱

➡ No ambitious future collider program

➡ Lose optimism in searching for unexpected

➡ Lack of excitements for younger generations

Crisis in Higgs Physics?

◎ Nature chooses to have a lonely Higgs : nightmare? 🤔

➡ a crisis: for experimentalists — maybe

“In the midst of every crisis, lies great opportunity.”

— Albert Einstein

➡ an opportunities: for theorists (and experimentalists) !!!

◎ We give up too soon: real nightmare! 😱

➡ No ambitious future collider program

➡ Lose optimism in searching for unexpected

➡ Lack of excitements for younger generations

Rethink particle physics ...
