

## BNB: 9AM Meeting

- Thu Mar 9<sup>th</sup>: Looks like we did not have any serious issues from the power outage: elog[235247](#) & elog[235255](#)
  - Checkouts completed, no issues, ready to turn
  - Turned off the power supplies while we wait
  - Thanks to Ops
- Wed Mar 8<sup>th</sup>: I believe safety changed detectors in BNB areas: elog[235095](#)
  - Thanks to Safety
- Upcoming: Valve off target pile cooling system to check for water leaks
  - Ideally this would be done over one day; may take several days
  - Thanks to Safety, MI, and TSD for formulating a plan
