

FAST Facility / IOTA

Status Report

Daniel R. MacLean
AD Operations Meeting
Friday 0900
10 March 2023

FAST / IOTA

- FAST has been down for planned installation work in the enclosure this week
 - This will likely continue into next week
 - Ongoing tasks:
 - FAST-GREENS Stage-Ø installation
 - New stripline BPM beampipe section @ C-Straight in IOTA
 - 700 XFER line to HEA
- Until further notice, AD/HQ and ES&H require that all accesses into the FAST/IOTA beamline enclosure must first satisfy the following:
 - A Work-Plan approved by the FAST/IOTA Machine Coordinator (FAST RunCo)
 - Entrants have an Access Planning meeting with the FAST RunCo
 - Entrants receive their enclosure keys from the FAST RunCo
- The current FAST RunCo is Jamie Santucci ([x4996](tel:x4996) | santucci@fnal.gov)
