

# **TSD report for AD 9 am ops meeting**

**Athula Wickremasinghe**

# Updates

- **No major concerns**
- **Thursday, Tony reported that they have worked on the water cooling supply for the Minos Serescos. We hope it is going to stop cycling on and off every 3 hours. Otherwise things are progressing on working on spares**
- **Pre-target air activation monitor EAV1 (G:RD1225) works fine now**
