

Welcome to SM@LHC 2023

Artur Apresyan, Stefan H"och

For the Fermilab local organizers

Welcome

- **We would like to thank the conveners of the sessions and all attendees for their help in creating an exciting program.**
- SM@LHC has a unique format, with ample time for questions. Discussions are an essential part of the meeting. We look forward to a vigorous debate of the latest experimental and theoretical results.
- The goal of discussion is to enhance the quality and understanding of the science for the whole community. Out of consideration for all, even when questions are not straightforward, we will insist that they be asked and answered with respect and civility. We value voices of all backgrounds, accents and pitches, both among our speakers and in the audience.
- Please be advised that you are required to comply with the [APS code of Conduct](#) for meetings and [Fermilab Statement of Community Standards](#).

Organizational aspects

Lunch packages

- Lunch will be provided for those who have chosen the lunch option during registration. There will be seating in the lunch room upstairs and additional space in the hallway.
- You are free to team up with a Fermilab employee and buy lunch in Wilson Hall. However, you must be accompanied by a responsible Fermilab badged employee, user or visitor at all times.
- If you are looking for lunch options off-site, we are happy to provide recommendations.

Reception

- We will have a reception on Tuesday, 6pm-8pm
It will take place on the 2nd floor cross-over of Wilson Hall

WiFi and Power

- WiFi options at Fermilab
 - If you have an **eduroam** account from your home institution, you may choose the eduroam wireless network.
 - Authenticate following instructions from your home institution.
 - Alternatively, we have a visitor wireless network named **guest**
 - Everyone may connect to the guest network but you must self-register. See the [Guest Wireless Network FAQ](#)
- Power outlets are embedded into your tables

Security protocol

- We are holding this conference in a non-public area of Fermilab
- You have been issued a blue badge, which means that you must be escorted by a Fermilab employee at all times while in buildings
- **Please respect the security protocol:**
 - Do not wander off in buildings unescorted
 - Do not enter areas of IARC other than
 - The Alvin Tollestrup Auditorium
 - The hallway on the first floor
 - The lunch room on the second floor
 - While in Wilson Hall for the reception on Tuesday:
Stay in the Atrium and on the 2nd floor cross-over
- We greatly appreciate your cooperation in this matter
