

New Perspectives 2023

Tuesday, 27 June 2023

DM, Cosmology, and CCDs - One West (10:15 - 11:30)

time	[id] title	presenter
10:15	[2] Precision ionization calibrations of silicon skipper CCDs for dark matter detection	YAJUR, Rachana Suthikshn
10:30	[55] Regional Selection with Skipper CCDs for Astronomical Applications	HUR, Rachel
10:45	[32] SuperCDMS in 10 minutes	PANDEY, Shubham
11:00	[31] Constraining Cosmological Parameters from Galaxy Cluster Observables: an SBI Approach	REZA, Moonzarin
11:15	[54] The next generation of Cosmic Microwave Background experiments	YOUNG, Matthew
