

# Token Task Force Meeting

Lisa Goodenough

6<sup>th</sup> June 2023

# Agenda

- **News**
- **Update on htgettoken for Alma9 (Dave Dykstra)**
- **Open Discussion**

# News

- **jobsub03, the remaining jobsub\_client server, will be turned off on June 21st.**
  - Retrieval of logs from jobs run on jobsub03 will be available until that date
- **No token-related updates to jobsub\_lite**
- **There will be a new release of Managed Tokens early next week**
  - New release will only send out an email to stakeholders and FIFE if there are three consecutive errors for the same experiment, role, and node. This threshold is configurable.
  - Experiment stakeholders will start getting emails (by mid-next week) in case of errors, like they do for Managed Proxies.

# htgettoken for Alma9

- **Here's what I know:**
  - Marc tested it and it works
  - 1.18 is now available in the osg\_development Yum repo
- **Dave...**
