

Status Setup CACTUS Milano_Bicocca

CACTUS@MILANO _BICOCCA

DUNE Photosensor Meeting (DUNE-SP-PDS)

Jun 20, 2023

- Setup: dewar, level sensors, PC, dark box and black curtain already mounted.
- A measurement session was held in Ferrara at the end of May for the recognition and testing of the CACTUS software and electronics.
- First batch of HPK SiPM arrived at Milano Bicocca on Jun 6.
- Compatibility testing between: power supplies, SMU (and script) and barcode reader.
- The installation of the electronics will begin on June 26 with the assistance of Ferrara.
