CACTUS@MILANO _BICOCCA

DUNE Photosensor Meeting (DUNE-SP-PDS)

July 11, 2023

- The last week of June, CACTUS was installed: the electronics, cold and warm boards with the assistance of the people from Ferrara.
- Python scripts and LabVIEW interface work fine.
- Next week we will do the calibration and some tests on LN2 (IV curve measurements and DCR) with the people from Ferrara.
- Two first batches of HPK SiPMs already in Milano.
