

nuSTORM Expression of Interest to CERN

K. Long

Neutrinos from Stored Muons (ν STORM): Expression of Interest

Contents

1	Introduction		1
1.1	Overview	Draft exists	1
1.2	ν STORM and the emerging CERN neutrino programme	Bullet level	1
2	Motivation		1
2.1	Sterile neutrino search	Received from Joachim	1
2.2	Neutrino-nucleon scattering	Efforts from Jan, Jorge, Sanjib, Morgan, and Steve converging	1
2.3	Technology test-bed	Awaiting draft	1
3	The νSTORM facility; overview		1
3.1	Accelerator facility	Awaiting draft	1
3.2	Detectors for sterile neutrino search	Awaiting draft	2
3.3	Detectors for neutrino scattering studies	Awaiting draft	2
4	Implementing the νSTORM facility		2
4.1	Implementing ν STORM at CERN	Elena preparing draft	2
4.2	Implementing ν STORM at FNAL	Awaiting draft	2
5	Proposed programme	KL/EW to discuss once draft of section 4 available	2
6	Summary		2

nuSTORM Eol: revised timeline

- Goal:
 - Eol available before Erice “European Strategy writing work shop”;
 - Skeleton for nuSTORM Eol: 09Nov12
 - I am ready to prepare this with Alan;
 - Will be the usual section headings, lead authors etc.
 - Text deadline for lead authors: 09Dec12
 - Consolidate first complete draft ...
 - Circulate for comment: 16Dec12
 - Comments open until the end of nuSTORM #2
 - nuSTORM w/s #2 at CERN: Jan13:
 - Review status of nuSTORM
 - Review status of Eol
 - Gather additional European authors
 - Submit to SPSC (CC to relevant Strategy Group members): 16Jan13
- Goal:
 - Draft Eol available by Erice w/s – week of 21Jan13
 - Skeleton for nuSTORM Eol: 09Nov12
 - Done!
 - Text deadline for lead authors:
 - 31Dec12
 - I will chase them starting next week!
 - Circulate for comments:
 - Week of 14Jan13
 - nuSTORM w/s #2 at CERN:
 - In last week of Feb13 or first week of Mar13?
 - Review status of nuSTORM
 - Review status of Eol
 - Gather additional European authors
 - Implies ready for April SPSC
