

# BEACH 2024: XV International Conference on Beauty, Charm, Hyperons in Hadronic Interactions

## Monday, 3 June 2024

### Session 1: Heavy quark production and spectroscopy (08:40 - 12:05)

-Conveners: Nick Solomey

| time  | [id] title   | presenter        |
|-------|--|------------------|
| 08:45 | [57] Welcome   | PETROV, Alexey   |
| 09:00 | [41] Production of Heavy Quarks and Quarkonium   | VOGT, Ramona     |
| 09:35 | [35] Hadronization of heavy b quarks at LHCb   | DURHAM, Matt     |
| 10:05 | Break  |                  |
| 10:35 | [42] Characterizing the charm-quark showering and hadronization via charm-jet studies with ALICE | PREETI, Dhankher |
| 11:05 | [34] Heavy Quark Exotic States   | SWANSON, Eric    |
| 11:35 | [16] Studies of hadron spectroscopy at Belle and Belle II  | BENNETT, Jake    |
