

BEACH 2024: XV International Conference on Beauty, Charm, Hyperons in Hadronic Interactions

Tuesday, 4 June 2024

Session 3 (08:30 - 12:30)

time	[id] title	presenter
08:30	[58] Lattice QCD for heavy flavors	JAY, William
09:00	[14] B-physics results from Belle and Belle II	CHOUDHURY, Seema
09:30	[10] Time-independent gamma determinations at LHCb	MACKAY, Innes
10:00	Break	
10:30	[38] Recent developments in HQET	PAZ, Gil
11:00	[51] An axion-like particle explanation of $B \rightarrow \pi K$ puzzle and $B \rightarrow K \nu \bar{\nu}$ excess	ROY, Shibasis
11:30	[17] Searches for hidden sectors and lepton flavour violation in kaon decays	GOUDZOVSKI, Evgueni
12:00	[32] Probing sterile neutrinos in bottom and charm decays	DATTA, alakabha
