

FIFE Meeting

Lisa Goodenough

10th November 2023

Agenda

- **FIFE News**
- **Experiment Production/Operations Updates**
- **Update on the Container Security Policy in the Context of SL7 EOL (Jeny Tehran Sierra)**
- **Update on New Releases of ifdhc and fife_utils, which include Support for DataDispatcher (Marc Mengel)**
- **Open Discussion/AOB**

News

- **CREST Strategy Discussion November 10th (today) at 2pm**
 - **Databases and Monitoring Discussion led by Kevin Retzke and Steve White**
 - **Indico Event: <https://indico.fnal.gov/event/61346/>**

- **ServiceNOW Upgrade November 11th-12th**
 - **ITD will be upgrading ServiceNow to the Utah release**
 - **From 3:15am CT Nov. 11 to 7pm (CT) Nov. 12**
 - **Within the upgrade window, SNOW is expected to remain available for use; you may notice intermittent issues as various items are being updated**
 - **After the upgrade, users may notice a slightly different look and feel; major functionality will remain the same**
 - **If you use the Classic View, you may not see your homepage the first time you log in after the upgrade. Type “dashboard” in the search box on the application navigator on the left and click “Dashboards.” Click the “Owned by Me” tab at the top and select your homepage.**

News

- **Wilson Cluster Lustre Scratch Filesystem Upgrade**
 - **CSAID has deployed a new scratch Lustre filesystem for Wilson Cluster**
 - **Users must migrate their data to the new filesystem as soon as possible**
 - **If you have data on /wclustre and did not receive the email from Computing -Announcements on November 6th, please subscribe to the hpc-announce@fnal.gov mailing list and look through the archived emails.**
 - **To subscribe:**
 - **1. Send an email to listserv@fnal.gov**
 - **2. Leave the subject line blank.**
 - **3. In the body of the message, type the following:**
 - **SUBSCRIBE hpc-announce FIRSTNAME LASTNAME**
