TSD Topical Meeting

2024 January 18

My only two firm rules as Department Head

Everyone goes home to their family every night in one piece.

Family comes first.

Review of TSD Priorities

- 1) Keep people safe at the lab and at home
- 2) Scheduled Project work takes priority over Operations*
- 3) Get work done on schedule and within budget ^
- 4) Accommodate work at home when effective and appropriate

Remember:
Don't panic ... that's
my job.

^ Which are both very tight this year ... but not running is helping.

People make our organization – hires

- Growing our team
 - Approved positions with active searches
 - 1 Senior Scientist in the offer phase (MARS, Group Leader)
 - 1 accepted E1/E2 position (Projects)
 - Proposed positions (previously agreed to by Sasha and Mary, but not submitted)
 - Associate Scientist (Science, Neutrinos)
 - In budget for FY24, no guarantees
 - Research Associate (Science, Neutrinos)
 - Ditto

Rekeying silliness

- FSO decided that there are too many AC-4 keys floating around, so we have to rekey everything.
- But we're not going to do something sane, like replace AC-4 with another key ... oh no, we're going to make lots of different keys for different parts of the complex.
- You will be getting from 2-4 new keys for different buildings
 - MI-8/MI-65 (everyone)
 - C0 Service Building (everyone)
 - MI12 (everyone except MARS and HPT)
 - AP10/AP30/AP50 (all Tech team)
- And of course, AC-4 is not going away in the Core buildings anytime soon
 - No word on offices, beamline enclosures

Friendly reminders

- We have no budget for food for the Topical Meeting, or for the coffee in the Grotto.
- Fridays are Flannel Fridays until further notice.
- The Boys make an “Off-target” run to the Users’ Center, usually on Fridays at the end of the work day.

Thanks!
