

fSWE Collegiate Pipeline Program

M. Ibrahim

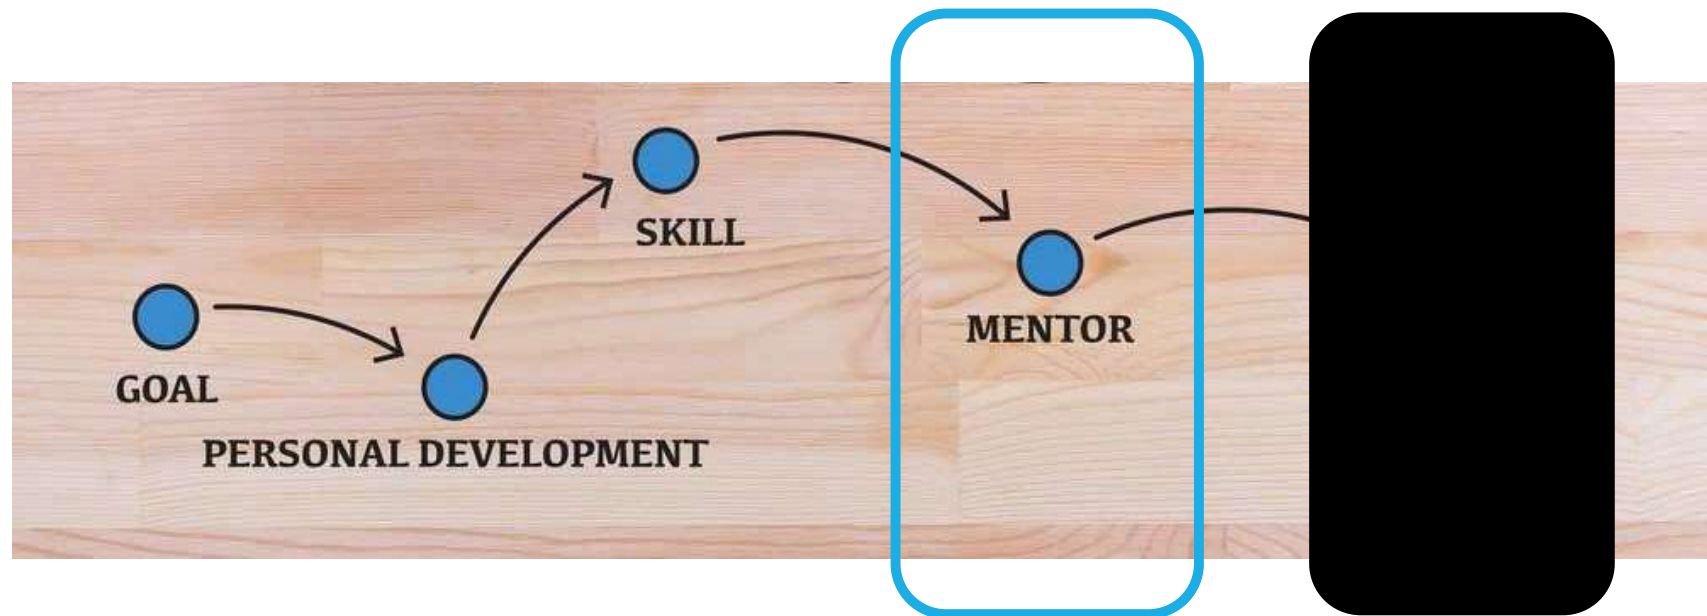

2024 Engineering Retreat

What do I gain from internships?

How Do I Build a Career in STEM?

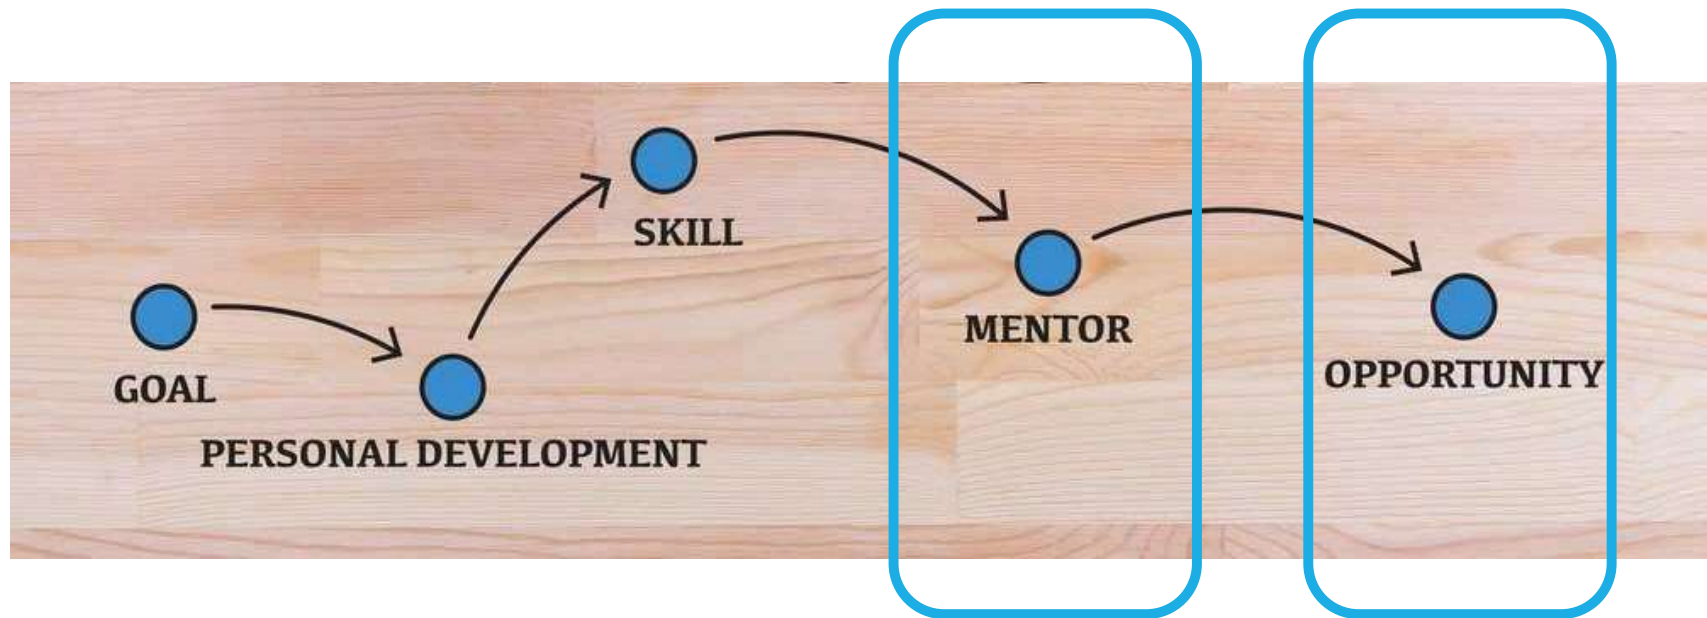

How do I best present myself when I apply?

Does Fermilab had opportunities for me?

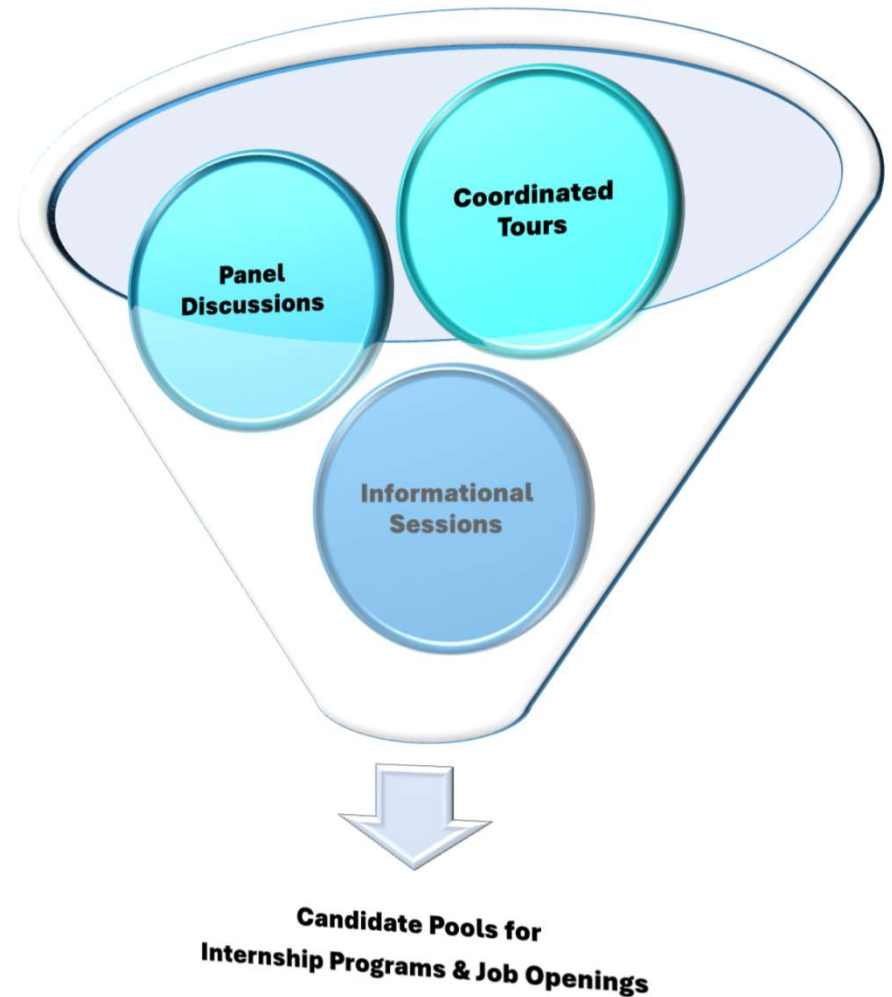

Is Fermilab Only for Physicists?

Where would I fit at Fermilab?

VISION STATEMENT

By leveraging existing and emerging connections to collegiate groups, fSWE's Collegiate Pipeline Program (CPP) commits itself to inspire students to develop their STEM identity by building their careers through Fermilab's portfolio of internship opportunities.

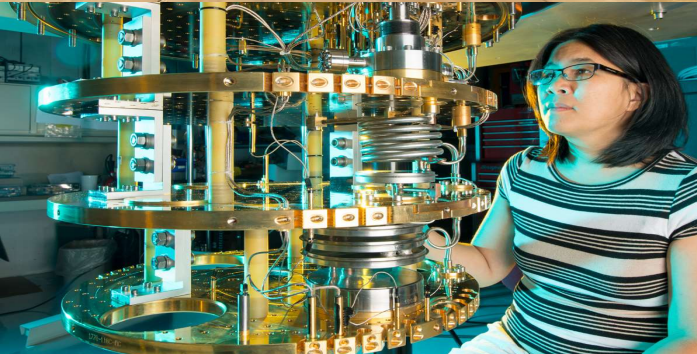

PROGRAM OBJECTIVES

Strengthen relations with local university and colleges thru collegiate professional chapters

- Broaden the impact of STEM awareness
- Encourage development of STEM identities
- Promote Fermilab branding among students

Communicate information about the variety of internship opportunities at Fermilab

- Attract internship applicants
- Diversify internship candidate pools
- Educate candidates on the application process
- Advise candidates by sharing experiences

“ BEHIND THE SCENES ”

The **fSWE Collegiate Pipeline Program** aims to connect students from local colleges and universities by organizing group visits to the Fermilab Batavia Site.

The agenda for these visits can be customized to include **informational sessions about internships, fellowships, and cooperative learning programs** as well as **walking tours through certain laboratory facilities** and **interactive panel discussions** with Fermilab scientists and engineers.

Looking forward to connecting with you!!
