

List of Accelerators

In accordance with DOE O 420.2C, Safety of Accelerators, this list contains the current listing/inventory of accelerators managed under this Order.

Date of last update

October 3, 2023

List of accelerators

- Fermilab Main Accelerator
- FAST

Note: the following devices are currently managed as Radiation Generating Devices (RGDs) under DOE O 420.2C and are included in RP Form 108, List of Radiation Generating Devices. These devices will be managed as accelerators under the revised DOE O 420.2D and will be moved to the list above once full implementation is complete.

- CMTS1
- PIP2IT
- VTS
