

FIFE Meeting

Lisa Goodenough

16th February 2024

Agenda

- **FIFE News**
- **Experiment Production/Operations Updates**
- **Open Discussion/AOB**

News

- **CI Webpages**
 - Security is requiring us to put the CI webpages behind SSO
 - We will send you information about the implementation date when we know it

- **jobsub News (Shreyas)**
 - Release 1.6 is due out next Wednesday, Feb 21st
 - It has been available for testing since Feb 7th
 - See https://fifewiki.fnal.gov/wiki/Jobsub_lite_Release_notes#1.6 for release notes

News

- **AL9 Migration**

- **Test interactive nodes are available for most (all?) experiments at *<expname>gpvm-test-al9***
- **Please start testing your workflows in the AL9 environment and if you have any issues open a SNOW ticket**
- **I will be contacting Liaisons to follow up on testing progress**
- **Deadline for converting all computing division serviced machines is June 30, 2024. This is monumental task. Thus we would like to start migrating some of the gpvms asap.**

News

- **AL9 Migration**

- **I am proposing that $\sim 1/3$ of experimental gpvms be migrated over the next several weeks. The process would involve**
 - **Experiments designating a specific set of gpvms to migrate**
 - **me setting a schedule for migration (with input from the experiments)**
 - **Notice given to the experiments of the exact days for the downtime and migration of the specified machines**
 - **Experiments should expect some wiggle in the schedule and would need to be a bit flexible**

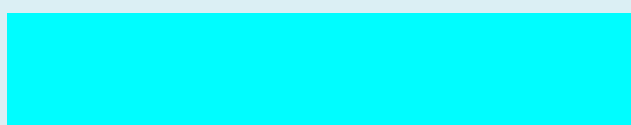

News

- **SL7 Container Task Force**

- **Biweekly meetings every other Monday 3-4pm**
- **Next meeting is next Monday, February 19th**
- **See the FIFE Indico page for meeting info: <https://indico.fnal.gov/category/722/>**
- **FiFE wiki has a page dedicated to the task force: https://fifewiki.fnal.gov/wiki/SL7_Containerization**
- **Sign up on the mailing list for announcements and updates: [SL7-CONTAINER-TASK-FORCE](#)**
