Neutrino Cross Section Measurements in NOvA

Wednesday, 18 September 2024 12:46 (24 minutes)

Using the NOvA near Detector, the NOvA collaboration is able to measure a number of neutrino scattering processes.

Working Group

WG 2: Neutrino Scattering Physics

Presenter: BARROW, Joshua (UMN, FNAL visitor)

Session Classification: Parallel: WG2

Track Classification: WG2: Neutrino Scattering Physics
