

NuFact 2024 - The 25th International Workshop on Neutrinos from Accelerators

Monday, 16 September 2024

Parallel: WG3: High-Power Targetry and Beamline Operations - B4100 (13:45 - 15:45)

-Conveners: Sudeshna Ganguly

time	[id] title	presenter
13:45	[10] Updates and Lessons Learned from NuMI Beamline at Fermilab	WICKREMASINGHE, Don Athula
14:05	[112] High-Power Targetry R&D for Next-Generation Accelerator Target Facilities	Dr BURLEIGH, Abe
14:25	[30] Update on the Target Station and Beamlines of MELODY (2024)	VASSILOPOULOS, Nikolaos

Tuesday, 17 September 2024

Parallel: WG3: Neutrino Beams and Future Facilities - B4100 (13:45 - 15:45)

-Conveners: Abe Burleigh

time	[id] title	presenter
13:45	[36] The ENUBET monitored neutrino beam and its implementation at CERN	HALIĆ, Leon
14:05	[5] Upgrade of J-PARC magnetic horn system towards 1.3 MW beam	SEKIGUCHI, Tetsuro
14:25	[210] The Fermilab Facility for Dark Matter Discovery (F2D2): A Conceptual PIP-II Beam Stop Facility for Dark Sector Physics	WILLIAMS, Jonathan
