

NuFact 2024 - The 25th International Workshop on Neutrinos from Accelerators

Thursday, 19 September 2024

Parallel: WG 1x5: Long-Baseline - A1100 (16:15 - 18:15)

-Conveners: Vishvas Pandey

time	[id] title	presenter
16:15	[60] Neutrino mass ordering sensitivities at DUNE, HK and KNO in presence of scalar NSI	Dr DEVI, Moon Moon
16:35	[107] T violation at a future neutrino factory	SUGAMA, Sho
16:55	[92] A plethora of long-range neutrino interactions probed by DUNE and T2HK	SWAIN, Pragyanprasu
17:15	[119] Flavor-Dependent Long-Range $\mathbf{\nu}$ Interactions in DUNE and T2HK: Synergy Breeds Power	SINGH, Masoom
17:35	[137] Neutrino NSI from Ultralight Scalars	THOMPSON, Adrian THOMPSON, Adrian
