

FIFE Meeting

Lisa Goodenough

19th July 2024

Agenda

- **FIFE News**
- **Experiment Production/Operations Updates**
- **Open Discussion/AOB**

News

- **Monitoring Workshop on Wednesday, July 24th**

- **Will be an overview of the current state of Scientific Computing Monitoring, the types of data that are collected, and how to interact with that data**
- **Speakers from multiple areas of scientific computing will be presenting examples of how they use monitoring**
- **Also, advanced tutorials on how to instrument applications and services**
- **Will discuss the current direction and trends in monitoring, and garner feedback to help shape the future roadmap.**
- **Morning session will be of general interest to users and CSAID staff alike**
- **Afternoon session will be more geared towards service providers/staff, although users who are interested in developing custom monitoring for their collaboration are welcome as well**
- **Sessions will be hybrid, with locations onsite at Fermilab**
- **Indico link: <https://indico.fnal.gov/event/65276/>**
- **Zoom link:**
