**SUPPORTING THE  
PREPARATION OF A  
HIGHLY SKILLED **FUTURE  
WORKFORCE** IN SCIENCE  
AND TECHNOLOGY**

U.S. DEPARTMENT OF  
**ENERGY**

Office of Science

**WDTS delivers high-quality programs that are managed with rigorous, evidence-based evaluation and supported by a robust application management and review system. We strategically develop sustainable partnerships that reach a broad and diverse range of applicants for WDTS programs.**

**WDTS programs stand out among STEM training opportunities for offering unparalleled access to world-leading scientific expertise and state-of-the-art scientific facilities, capabilities, and resources at U.S. Department of Energy national laboratories.**

- Science Undergraduate Laboratory Internships (SULI)
- Community College Internships (CCI)
- Visiting Faculty Program (VFP)
- Office of Science Graduate Student Research (SCGSR)
- Albert Einstein Distinguished Educator Fellowship (AEF)
- National Science Bowl® (NSB)

**At WDTS, we are committed to ensuring every learner can find belonging and achieve a career in STEM. Discover opportunities for you today!**
