CPU Benchmarking at GridKa - Update November 2007

Thursday, 8 November 2007 13:30 (30 minutes)

I'll continue with my series of talks about CPU benchmarking issues.

New topics are:

- SPECint2006 measurements, what's the difference to SPECint2000?
- SPECfp2006 measurements.

Approximate Length (in minutes) (default is 15 minutes for Site Reports and 30 minutes for others, including questions)

30
