

IB Meeting Summary

General D0 Meeting 3-10-2014

Dave Hedin – NIU

- IB chair/deputy chair → co-chairs
- Experiment Structure post-summer 2014
 - slight restructure of physics group, remainder ~same
- 1 vs 2 Spokespersons??
 - with Gregorio stepping down in a few months need to determine how to proceed. Will have IB vote soon and have to work out the vote procedure.

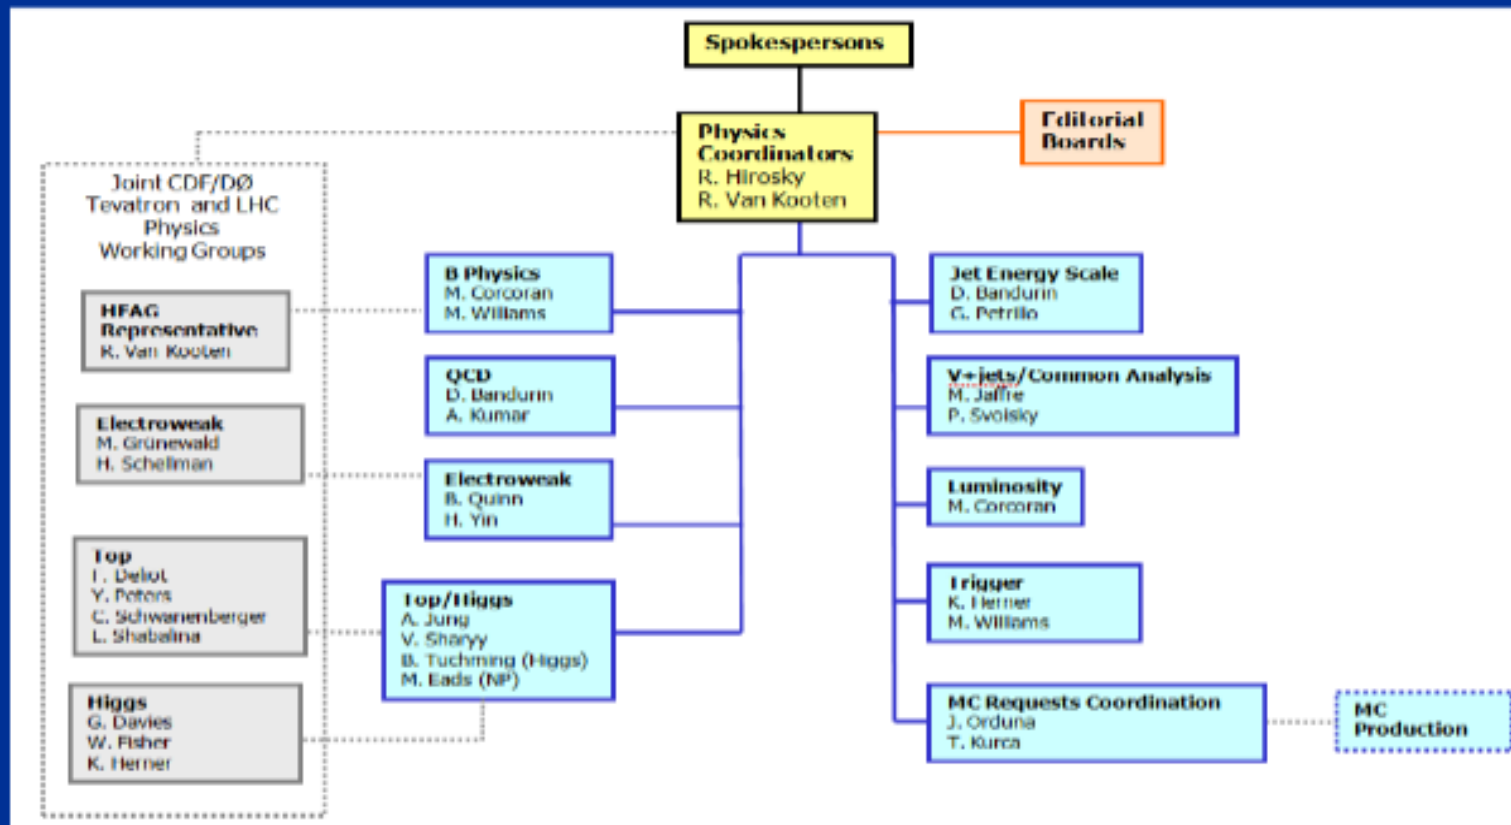

Changes to IB “chairs”

- Decided at the last meeting to change from a chair and deputy chair to two co-chairs with 3 year terms
- Following the recent vote, we updated the governance document on terms and election procedures
- Elected Erich Varnes to be co-chair starting July 1
 - EV 7/2014 – 6/2017
 - DH 7/2014 – 6/2016

Future Organization Summary

- We plan to continue to adjust the organization of the experiment to address important tasks
- Detector and algorithms organizations are now in a stable state with main goal to support physics analysis
 - No developments planned
- We will keep combination with other experiments groups active to continue efforts in this area as full data set results, especially high accuracy, are finalized
- Physics analyses will concentrate in three groups
 - b/QCD, EW/top and W mass
 - All procedures for the results approvals/publications will stay
- We plan to start discussing new groups conveners
 - Announcement of the incoming conveners in July
 - Start date for the new physics organization as of September 1st
- The topic of spokespersons will be discussed by Erich Varnes in the next talk

Physics Organization

- **Joint combination groups will continue with minor adjustments**
- **JES, V+jets, luminosity, trigger and MC coordination groups will continue**
 - **Reduced level of efforts**
- **Physics groups will be arranged as: B/QCD, EW/top and W mass**
 - **Rick and Bob agreed to continue as physics coordinators**
 - **New conveners will be announced in July with start date of September 1st**

Proposal

- After considering the pros and cons, Dave and I propose the following for discussion and (later, via email) voting:
 1. A special spokesperson election should be held to fill the position being vacated by Gregorio
 - Following all the election rules set forth in the governance document
 2. The term of the newly-elected spokesperson will be three years (until summer 2017)
- Note: a “yes” vote on point 1 coupled with a “no” vote on point 2 will be interpreted as favoring a one-year term
