

16th Advanced Accelerator Concepts Workshop (AAC 2014) - Working Group 7

Tuesday, 15 July 2014

Novel Acceleration (15:30 - 17:00)

time	[id] title	presenter
15:30	[11] Use of advanced genetic algorithms in design of high intensity muon sources	Dr SAYED, Hisham
16:00	[10] NCRF cavities in strong magnetic field: Is this is still an issue?	Dr LI, Derun
16:30	[12] Stochastic Acceleration of Antihydrogen for Precision Charge Neutrality Measurements	WURTELE
