

16th Advanced Accelerator Concepts Workshop (AAC 2014) - Working Group 7

Tuesday, 15 July 2014

Muon Cooling (13:30 - 15:00)

time	[id] title	presenter
13:30	[6] Six-dimensional ionization cooling: options, issues and R&D (MICE)	Dr SNOPOK, Pavel
13:52	[7] A hybrid channel for fast six-dimensional beam cooling using gas-filled microwave cavities	Dr STRATAKIS, Diktys
14:15	[8] Novel High field - low energy ionization cooling channel	Dr SAYED, Hisham
14:37	[9] Muon Final Cooling and Reacceleration: an Alternative Approach	Dr NEUFFER, David
