

# The 7th International Workshop on Charm Physics (CHARM 2015)

## Tuesday, 19 May 2015

### Charm in media - B/C, McGregor (08:30 - 11:00)

-Conveners: Ramona Vogt

| time  | [id] title   | presenter           |
|-------|--|---------------------|
| 08:30 | [48] Experimental aspects of quarkonia production and suppression in cold and hot nuclear matter         | Dr FRAWLEY, Anthony |
| 09:00 | [49] Theory aspects of quarkonia production and suppression in cold and hot nuclear matter               | Prof. QIU, Jianwei  |
| 09:30 | [50] Experimental aspects of open heavy flavor production and suppression in cold and hot nuclear matter | DAINESE, Andrea     |
| 10:00 | [51] Theory aspects of open heavy flavor production and suppression in cold and hot nuclear matter       | NAHRGANG, Marlene   |
| 10:30 | Coffee break   |                     |
