

Update on Collaboration X

- ◆ <https://indico.fnal.gov/conferenceOtherViews.py?confId=9127&view=standard>
- ◆ Right now X = ELBNF = experiment at the LBN facility
 - ◆ this split between project and collaboration was agreeable to most
 - ◆ Sergio pointed out that there could be other experiments in the long term
- ◆ It was agreed that Sergio would be the interim IB chair of the new organization and help organize the Jan. meeting

- ◆ After the Jan. meeting both LBNO and LBNE will be dissolved.
- ◆ The work between now and then is writing the LOI.
- ◆ The selected model of governance was called the LHC model but Barbara collaborator called it the standard model. There will be a white paper that spells this out.
 - ◆ iJOG = International Joint Oversight Group
 - ◆ RRB = Resource Review Board
 - ◆ Experiment-Facility Interface Group
 - ◆ Fermilab Physics Advisory Committee
