# My Vision revolves around the power of sharing

- Sharing Resources => Open Facility
- Sharing Software => Open Software Stack
- Sharing Knowledge => Open Ecosystem

To benefit Science in the broadest possible way

- Diversity in Scientific Discipline
- Diversity in Scale

# Priorities for 2015

- Start working with the ET & council on planning for the future of OSG.
- Support the start of Run 2 of the LHC
- Increase participation of DOE OHEP Science other than LHC.
- Increase participation of Science other than particle physics.
