Open Science Grid Council Meeting January 2015

Ruth Pordes

Chair

Quick Council News

Tom Hacker stepping down due to the end of the NEES project. Purdue has submitted proposals to NEERI for which there is a letter of collaboration with the Executive Team. So if they are successful Tom plans to re-engage.

Plans for the AHM proceeding. Expect a further announcement in the next week or two when some glitches to the registration are sorted out.. But do plan your travel! As usual the Council meeting will be Thur 3-26 pm and Fri 3-27 am.

Open Science Grid

Several events relevant to OSG over the next couple of months(links in Indico):

23 Mar - 27 Mar 2015 OSG All Hands Meeting

17 Mar - 19 Mar

Advancing Research Computing on Campuses: Best Practices Workshop

04 Mar - 06 Mar

Joint Software Carpentry-Open Science Grid Workshop @ Indiana University

09 Feb - 10 Feb LHCOPN-LHCONE meeting

27 Jan - 29 Jan XRootD Workshop @ UCSD

Status from SBGrid:

Hi Ruth,

I am teaching a course all day tomorrow (Chemical Biology bootcamp!) and will not be able to attend. Pete Meyer has been preparing to run MD over the last few weeks and I expect him to get up to speed soon. I will update you by email by mid February on this.

Aside from this we continue running WSMR computations on OSG without any hiccups. We will upgrade elements of the infrastructure over the next 6-12 months. I am also sending two people from my group to OSG AHM.

Regards,

Piotr
