Tuesday, 10 March 2015

3A Safer by design products, production and processes - Breakout 1 (11:00 - 13:00)

time	[id] title	presenter
11:00	[45] Sustainable Nanocatalysts for Fuel Cells and Splitting Water: MetalFree, HeteroatomDoped Carbons and Noble Metal Free Oxides	ASEFA, Tewodros
11:30	[46] Nanomaterials and Nanotechnology Firms in Europe: A Typology	MULLINS, Martin
12:00	[47] SANOWORK: towards a "Safety by Design" management of nanomaterials	ORTELLI, Simona
12:30	[48] Assessing the potential risks of silver nanoparticles in antimicrobial applications, using miniaturized flow field-flow fractionation and multi-angle light scattering	MARASSI, Valentina
