

Sustainable Nanotechnology Conference 2015

Monday, 9 March 2015

2A Toxicology and human health risks (16:30 - 18:30)

time	[id] title	presenter
16:30	[2] Toxicity and biodistribution of surface chemically modified Ag nanoparticles	PANG, Chengfang
17:00	[31] Nanotoxicology of cadmium sulfide quantum dots in different cellular models	RUOTOLO, Roberta
17:30	[32] Surface reactivity of CuO NPs is responsible for the early oxidative damages to A549 cells: a Trojan-horse independent mechanism	MOSCHINI, Elisa
18:00	[33] Nanotechnologies and Sustainability in the fields of Architecture and Preservation of Cultural Heritage	FERNANDEZ, Federica
