Neutrino cross sections - One West, 1st floor (14:30 - 15:30)

time	[id] title	presenter
14:30	[47] Radiative corrections and lessons from electron-proton scattering	HILL, Richard
14:50	[48] A model-independent fit to the Nucleon Axial Form Factor using Deuterium Data	MEYER, Aaron
15:10	[46] Lattice-QCD calculations for neutrino physics	KRONFELD, Andreas
