Tuesday, 21 July 2015

Neutrinos in astrophysics - One West, 1st floor (14:10 - 15:30)

time	[id] title	presenter
14:10	[4] Introduction to astrophysical neutrinos at high energies	BEACOM, John
14:30	[5] Diffuse emission of high-energy neutrinos from cosmic bursts	TAMBORRA, Irene
14:50	[6] On the flavor composition of IceCube neutrinos	PALOMARES-RUIZ, Sergio
15:10	[7] Flavor in high energy astrophysical neutrinos	BUSTAMANTE, Mauricio

Neutrinos in astrophysics - One West, 1st floor (16:00 - 16:20)

time	[id] title	presenter
16:00	[9] Muon-induced spallation backgrounds for MeV astrophysical neutrino signals in Super-Kamiokande	LI, Shirley

Thursday, 23 July 2015

Neutrinos in astrophysics - One West, 1st floor (17:20 - 17:40)

time	[id]	title	presenter
17:20	[56]	Secluded neutrinos in astrphysics and cosmology	FRIEDLAND, Alexander

Friday, 24 July 2015

Neutrinos in astrophysics - One West, 1st floor (13:30 - 13:50)

time	[id]	title	presenter
13:30	[59]	Searching for Sterile Neutrino Dark Matter with X-Ray observations	NG, Chun Yu
