 - Potential Face to Face meeting of sub-committee last week in July
- AOB?

Infrastructure to support Communication between experiments:

- Andrzej resurrecting larforum.org in Manchester - see his report.
- Exploring use of Inspire for collaboration publications (cf. CDF/D0/DES)
- Obtained larsoft.org DNS name

Publications Policy, Credit, News

- Fermilab today article about the unique collaborative nature of LArSoft,
 - Many thanks to all who contributed and reviewed.
 - According to Leah “16 retweets”.

Update on April's action items:

- LArLite/LArSoft work

Status update posted 5/28 for reading

Summer art/LArSoft Class

- 31 registrations for the class to date.
 - <https://indico.fnal.gov/conferenceDisplay.py?ovw=True&confId=9928>
- LArSoft Architecture and Testing Workshop on June 3rd coming together also – 16 registrants to date.
 - <https://indico.fnal.gov/conferenceDisplay.py?ovw=True&confId=9886>
 - Still hoping that automated tests are regarded as valuable enough that more attention and contributions happen “virally”.
 - In any case, looking to have some scientist service work identified from SCD to monitor and oversee this.
 - Regular architecture meetings will restart after this workshop coordinated by Gianluca.
