LArSoft Steering Group Meeting
May 29, 2015

On-going or suggested outreach efforts

- Have spoken to the following groups / people to date
 - CAPTAIN/MINERvA (Lisa Whitehead, et al.)
 - Discussed possible art/LArSoft options within context of proposal.
 - ICARUS (Robert Sulej, Dorota Stefan)
 - Informal discussions of porting code into LArSoft
 - WA105 (Silvestro di Luise)
 - Informal discussions about LArSoft and dual phase prototype
 - Provided instructions for installing code at CERN. No status yet.
- Other possible points of contact
 - DUNE / CERN single-phase prototype task group
 - Task group coordinators: Thomas Kutter and Gregory Pawloski
 - Analysis Coordinators: Donna Naples and Jarek Nowak
- Other suggestions?
 - Formalize WA105 contact? Something else?
