&
full text **XML/MathML**
available via
PMH-OAI

Articles can be complemented by
supplementary files:

audio
video
and

**raw
data**

All **PMC** journals
preserved via
LOCKSS

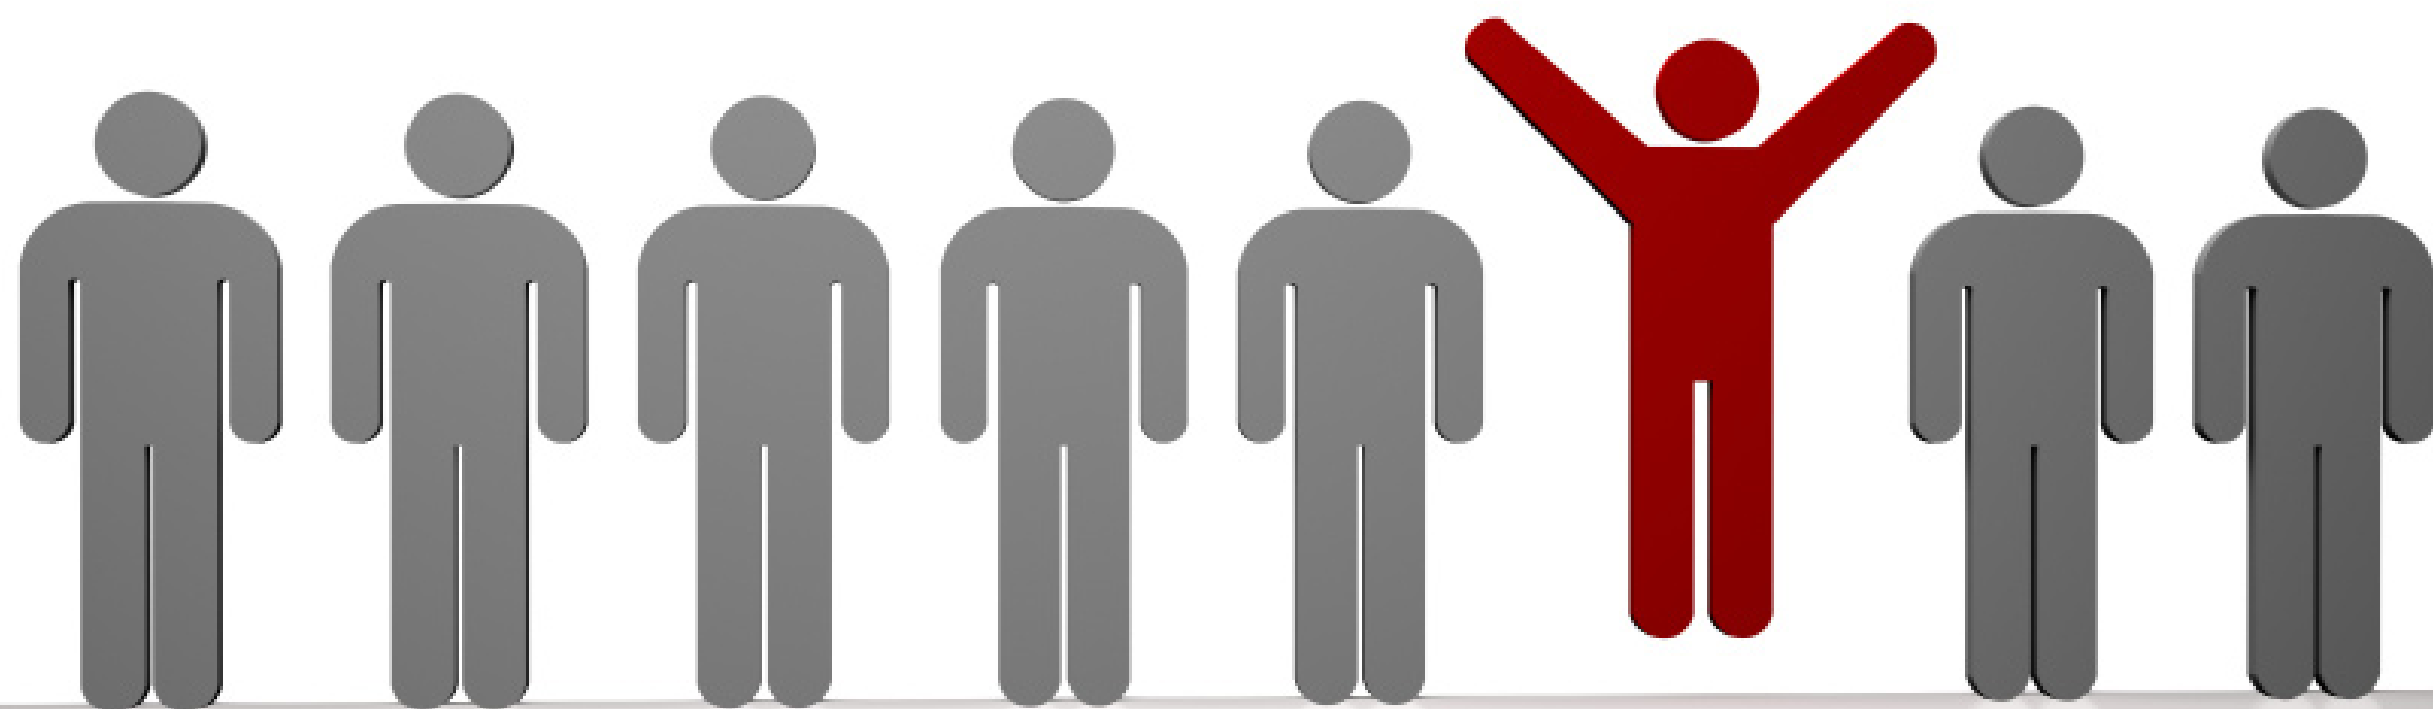

Archived in
**independent
repositories**

phys·ics (fiz'iks)
ter and energy a
traditional field

PMC

will eventually cover

all areas of **physics**

Only a fraction of authors publish in
Gold_{OA} physics journals

We still have
a **little** way
to go...

...however,
some authors
really like
what we do:

“ *I have to thank the editorial staff for
all their help through the process,
they have been wonderful* ”

“ Having listened to your
lecture I am still confused.
But on a higher level.”

Enrico Fermi
