

Welcome to the 45th Annual Fermilab Users' Meeting!

June 12-13, 2012

Lisa Whitehead
University of Houston
UEC Users' Meeting Chair

45th Fermilab Users Meeting
June 12-13, 2012
Ramsey Auditorium, Fermilab

Showcasing recent experimental results in collider, astroparticle, and neutrino physics and presentations on future projects. Featuring talks and posters from outstanding young physicists.

Information & registration
www.fnal.gov/orgs/fermilab_users_org/users_mtg/2012

Public Lecture
June 12 @ 8 pm
Dr. David Gross, 2004 Nobel Laureate

*In conjunction with the
Tevatron Impact Symposium on June 11*

Safety Information

Standing in the aisles, sitting on the stairs or in front of exit doors is not permitted - please find a seat.

In the event of a fire, depart using the nearest exit. Exits are located at the base of the stage, rear corners of the auditorium and through the main doors of the auditorium located at the back.

For other emergencies you will be provided with voice instructions as to actions to be taken.

Smoking is prohibited in this building. The designated smoking area is outside the building on the grass. Use provided receptacles for smoking debris.

Restrooms are located through the rear exit doors on the far side of the lobby.

The Program

- Reports from Fermilab's experimental program: new experimental results and future projects
- Two theory talks
- Report on UEC activities this year
- Reports from DOE and NSF
- News from the Directorate
- Talks from the URA Tollestrup and Thesis Award winners
- And more...!

The Program

- Coffee breaks each morning and afternoon
- Poster session and banquet at 5:45 PM today in the atrium
- Public lecture by Nobel Laureate Dr. David Gross at 8 pm today (Tickets are still available! Tickets are not included in Users' Meeting registration. Grad students can get tickets for free with Fermilab ID.)
- Festa Italiana begins at 9 pm today in Kuhn Barn

Travel Funds for Young Scientists

We were able to assist 9 young scientists with travel costs to attend the meeting.

Thanks to the URA Visiting Scholar Program!

Thanks to William Wester and Cindy Kennedy for organizing!

Thanks!

Thanks to Barb Book for all of her hard work to make this meeting possible every year!

Thanks to the UEC Users' Meeting Planning Committee!

Thanks to the GSA, VMS, lecture committee, and all the people behind the scenes at Fermilab!

Enjoy the Meeting!
